

Copy and paste the text below, add your fundraising URL and send an email or post to your social pages.

Hi friends.

I've signed up to participate in the Run Army this April and I would love your support! With your help, I hope to raise funds to help support the families of Australia's veterans. Your donation will help provide the essential social, financial and developmental support these families depend on each day.

Please donate here: [insert link to personal fundraising page here].

Thank you in advance for your generosity. Together we can make a difference to the lives of veterans' families.
